Did you know? In Michigan, 1 in 11 children will experience the death of a parent or sibling before age 18. We recognize the grief journey for children and teens is unique, and unaddressed childhood grief can impact their health and well-being. At Ele's Place Ann Arbor, children and teens have a place to share their stories and memories, explore their feelings and learn coping skills **alongside their peers**. They have the opportunity to meet new friends who understand what it feels like to experience the death of someone in their lives. Most important, they feel heard and understood in an **emotionally safe space**, and they realize they are **not alone**.

In Their Own Words

*"We are thankful to Ele's Place Ann Arbor for the time well spent.
Healing is something that needs to be shared."*

*"I don't know where my family would have been without
Ele's Place Ann Arbor. They have played an important part
in our grieving and healing."*
